Notes : Dimensions are a guide and may vary slightly. Pls check with us for dimension critical applications.

If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:

This is a guide only. (Do not use for lifting unless it is a certified lifting product)

LIFTING EYEBOLTS - DIN580 TYPE

These eyebolts can be used for tethering or towing , but are not to be used for overhead lifting as they are not a CE certified lifting product. Use these as a cheaper alternative to genuine DIN580 forged certified eyebolts, where lifting is not required.

MATERIAL TYPE	A2 / A4 STAINLESS
FINISH	POLISHED

- Good for various applications
- Highly durable
