 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

### Snap hook or Carbine hook with an eyelet or thimble

Snap hooks or Carabiners, are one of the quickest fit, most versatile fasteners. With a spring-loaded gate that opens inwards. This type has a thimble that holds rope or wire securely in place.

There is a huge variety of different types of snap hook in different materials, where you are bound to find one to suit your application

Can be operated single-handedly. Fantastic for marine applications as they are made in 316 Stainless Steel. Not advised for climbing.

MATERIAL TYPE	A4 STAINLESS
FINISH	POLISHED

### ADVANTAGES

- One of the simplest types available
- Economical pricing
