 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

### TRIANGLE RING WITH CROSS BAR

Double Bar Triangular Rings are widely used in the marine industry as well as for general webbing applications. Their popularity in marine environments stems from their construction from 316-grade stainless steel, providing superior rust resistance and durability.

MATERIAL TYPE	A4 STAINLESS
FINISH	POLISHED

### ADVANTAGES

- Strong & durable
- Corrosion resistant
- A4 Stainless steel
