Notes : Dimensions are a guide and may vary slightly. Pls check with us for dimension critical applications.
 If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:
 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

Door latch with tension bar

This style of toggle latch can be used where adjustment of the latch is possible after both parts of the latch are fitted. Can be opened easily and quickly with one hand. Padlock fitting hole makes this latch lockable if required. Can be used on cases and containers, enclosures and industrial machinery. Suitable for marine or food industry use.

MATERIAL TYPE	A4 STAINLESS
FINISH	POLISHED

ADVANTAGES

- Sturdy construction
- Will not rust
- Strong fixing points
- Easy to use with one hand
- Adjustable
