Notes : Dimensions are a guide and may vary slightly. Pls check with us for dimension critical applications.

If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:

This is a guide only. (Do not use for lifting unless it is a certified lifting product)

GALVANISED DEE SHACKLE

Galvanised Dee shackle made to U.S. Fed spec. RR-C-271. Every shackle has a safe working load limit which is embossed onto the shackle. It has a screw pin lock which is common with many types of shackles.

MATERIAL TYPE	A4 STAINLESS
NOTES	CAN BE USED FOR LIFTING

ADVANTAGES

- Galvanised - prevents premature rust and corrosion
- Good for use with many applications
- Highly durable
- Working load limit is embossed on the shackles so they comply with lifting safety standards
