 If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:
 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

BOW SHACKLE STAMPED

These Bow shackles are often called flat bow shackles as the cross section is not rounded like standard bow shackles. Manufactured by rounding A4 marine grade plate stainless steel, making them cheaper than the rounded variety. They feature a split cotter ring which holds the pin in place and prevents accidental loosening.

MATERIAL TYPE	316 STAINLESS
FINISH	POLISHED

ADVANTAGES

- Strong & durable
- Quick and easy connection
- A4 Stainless steel
