 If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:  
 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

### LOAD RATED SAFETY PIN TYPE BOW SHACKLE

This type of Bow shackle is forged and has a larger pin than standard BOW shackles. It has a working load limit allocated to it and comes with a certificate.

It has the working load limit and material etched onto the body so that it is clearly visible

It is excellent for use in applications where a load limit is required for the product

MATERIAL TYPE	A4 STAINLESS
FINISH	POLISHED
NOTES	CE CERTIFICATE

### ADVANTAGES

- High corrosion resistance
- Highly durable
- Load rated and forged for high strength
