10	401-10-BZP	20	10	40
11	401-11-BZP	22	11	44
12	401-12-BZP	24	12	48
16	401-16-BZP	32	16	64
20	401-20-BZP	40	20	80
22	401-22-BZP	44	22	88
25	401-25-BZP	50	25	100

Notes : Dimensions are a guide and may vary slightly. Pls check with us for dimension critical applications.

If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:
This is a guide only. (Do not use for lifting unless it is a certified lifting product)

ZINC PLATED DEE SHACKLE

Dee Shackles are best suited to bidirectional loadings, such as connection points on sails and with chain. This product comes in sizes 5-25mm.

Made from Steel that is electro galvanised, commonly known as Zinc plated.

We also stock a large range of Bow Shackles, including load rated.

The Zinc plated variety is much cheaper than the stainless type, but will not offer the same degree of rust

MATERIAL TYPE	ZINC PLATED
----------------------	--------------------

ADVANTAGES

- Galvanised - prevents premature rust and corrosion
- Good for use with many applications
- Highly durable
