S hook with safety catch

These S hooks are perfect holding items. The spring steel “gate” means items can slide past the gate and be held in place, the design lends itself to one handed operation of items that are hooked on. These are large and heavy compared to other S hooks available in very small sizes.

MATERIAL TYPE	A4 STAINLESS
FINISH	POLISHED

ADVANTAGES

- Gate prevents accidental loss
- Will not rust
- Large sizes give big holding capacity
