Notes : Dimensions are a guide and may vary slightly. Pls check with us for dimension critical applications.  
 If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:  
 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

This snap hook / Carbine hook has a spring loaded lock nut, which ensures it stays in the lock position. The lock nut can be released with one hand. The gate opens outwards, giving a larger gap than other inward opening gated snap hooks. The eye or thimble gives security to the rope or wire. 316 or A4 stainless makes it suitable for marine use

<b>MATERIAL TYPE</b>	<b>A4 STAINLESS</b>
<b>FINISH</b>	<b>POLISHED</b>

### Advantages

-  Fast assembly
-  Secure
