 If Break (BL), Safe working load (SWL) or Working load limit (WLL) are shown:
 This is a guide only. (Do not use for lifting unless it is a certified lifting product)

Dual threaded stud bolt

These studs have a left hand thread on one side and a right hand thread on the other, seperated by a flat, designed for tightening by a spanner. The thread is standard gauge.

MATERIAL TYPE	A4 STAINLESS
FINISH	POLISHED

ADVANTAGES

- High corrosion resistance
- Highly durable
- 4 different sizes for many applications
